Christendom Astray From the Bible

New Release

A book that analyses the commonly upheld teachings of Christendom against Bible Truth. The church's fundamental doctrines come under the microscope of Brother Roberts enquiring mind and scrutiny, and are found to be deficient when placed alongside correct Bible Truth.

This is an ideal book around which to base bible tuition and bible study. Consider purchasing this book as a gift for a young person, or for a friend who is disillusioned with the church system and seeking for answers.
